15th March, 2021

Dear Parents, Families and Residents of Winwick,

Winwick School Community Improvement Plan | Consultation 15th March – 1st April 2021

On behalf of the School's Governing Body we are pleased to share details of the upgrade of the school access road and carpark, and invite comments from the Community for our proposed plans for a **Phase Two** development of constructing a linear carpark on a small section of the Parish field, across from the current school carpark and adjacent to the access road.

The school and Liverpool Diocese have been working with Winwick Parish Council to discuss and share our desire to invest in this area and our school site, with the emphasis on dramatically improving safety and access for school children, all pedestrians and vehicles, during week days/evenings and for weekend usage of the Parish field.

As part of this Consultation process, we are also pleased to share with you the longer term vision for our School as part of a **Phase Three** development for the future.

The supporting document will be shared on local Social media group sites and can be accessed also on the school website home page www.winwick.eschools.co.uk.

We invite your comments between Monday 15th March to Thursday 1st April to the Chair of Governors via the school email address: winwick_primary@warrington.gov.uk.

We hope that the local community will share our enthusiasm for this project and view it very much as a positive step forward to improve our village community as well as our school facilities - creating a much safer area in addition to developing the existing Leisure Centre road access and parking facilities.

We look forward to hearing from you and thank you for your continued support.

Mrs J Neal
Chair of Governors

Mrs S Dymond
Head Teacher

For and on behalf of Winwick CE School Governing Body

In God's love, aspire and achieve to be the best'
